DDR Focus

ANBP's disarmament programme is about to enter its final Phase - main phase four. This is the last chance that those AMF, yet to join DDR, have to participate in one of the many funded, paid reintegration training options that are available to every participating officer and soldier. The last person to enter ANBP's reintegration training will take their place in 120 days time - June 05.

Now is the time to move forward and start a new beginnings.

Statistics

The average soldier entering DDR is 27 years old and called Amanullah. Officers, comprise 11% of the total numbers and have an average age of 37.

Collectively, Tajik's and Pashtuns comprise 74% of the Programme's total numbers – 80% of which are classified as illiterate

¹ As at 10 Jan, 132 of the 190 AMF units have now been officially decommissioned by the MoD.

Heavy Weapons

The current total for those heavy weapons classified as operational or repairable represents a large increase over the original figure originally indicated in the national survey. The survey suggested that there were some 4,300 HW's but also included the caveat that more may be identified with time.

HW's are stored in regional Cantonment sites in the following AMF / ANA Corps' areas - 1 Corp – Jalalabad. 2 Corp – Kandahar. 3 Corp – Gardez. 4 Corp – Herat. 5 Corp – Parwan. 6 Corp – Konduz. 7 and 8 Corp – Mez. 9 Corp – Bamyan. Central Corp –Kabul.

² 247 personnel from an illegal armed gang (IF) have been voluntarily DDR'd to date but only received food packages. ANBP is not mandated to include them within the DDR "R" programme. The remaining numbers of Illegal Armed Gangs are currently being quantified for a new programme.

³ Both the AMF and ANA are recognised operational forces funded by the Islamic State of Afghanistan. The AMF is being DDR'd to break down the historic command and control structures and patriarchal allegiances that exist between the personnel and the factional leaders. In parallel, personnel are being recruited and professionally trained for the ANA to create a modern deployable and ethnically representative Army, that is commanded by the MoD and loyal to TISA. The ANA should reach 43,000 before Dec 05 and be at its full complement of 70,000 before Dec. 07.
